

## **Multiple times I expressed to HBC Elders that their false statements and refusals to meet would come to light and under the rule of law, but they forged ahead:**

- **July 3, 2019:** “Your apparent reluctance to seek out significant responsibility elsewhere in this relational disaster, is understandable given the consequences if that turns out to be true. But time only accumulates consequence to the church you are called to protect...” ([full letter here](#)). No response.
- **November 5, 2019:** “Given these multiple expressions of repentance, I am confused and grieved by the Elders’ decision to draft the November 2, 2019, letter... Why am I publicly rebuked for distortions and misunderstandings that face-to-face brotherly conversation might resolve?” ([full letter here](#)). No response.
- **November 17, 2019:** “I am prayerfully awaiting a chance to talk face to face with a Harvest Elder board, for the very first time in 2019 – prior to Thursday, November 21 [release of Wagenmaker report] while there is still potential benefit to the people you shepherd. All truth will come to light in arbitration... why make an announcement having never met with me, that I must refute and arbitration will resolve?” ([full letter here](#)). HBC's response specified “repentance only” no accounting for financial report ([full letter here](#)).
- **November 26, 2019:** Post Wagenmaker report, “It is disappointing that Harvest would publicize their alleged findings while simultaneously seeking resolution of these issues through confidential Christian arbitration. Behind it all since the start are issues surrounding historic agreements related to the disposition of Walk in the Word and other matters connected with my departure. The Elder-imposed moratorium on communicating with us directly has excluded significant exculpatory information. Truth will come to light in God’s time...” ([full public statement here](#)).
- **January 30, 2020:** “Starting with the launch of this website ... I will begin to answer with documented refutation any future Harvest Bible Chapel (HBC) statements concerning us. Preferable would be a joint statement that is more reflective of gospel grace when arbitration has concluded.” ([posted here under Please Pray](#))
- **October 11, 2020:** Text to HBC staff leader, “I need to know if there is going to be a meeting... if hbc desires to evade the pending disclosure of what really happened and why ... a pretty persuasive detailing - the meeting under Gill and Stone to find a better more mutual path needs to be scheduled and needs to be successful... time to get low, mutual humility and owning of the many slanders, if that meeting fails I am left no alternative ... (I asked for 2 days on a weekend, they offered a few hours on a Monday night, multiple times I stated, ‘better for the people of HBC to hear 500 words of mutual confession, than for them to hear 5000 words exposing what you have done and covered,’ but they stared and stonewalled for 3.5 hours, til the DrV meltdown and it all ended very sadly. We waited almost another month hearing nothing...as HBC filed motion after motion seeking to muzzle the truth, to an ICC panel (still active only to ensure the settlement terms are met).”
